- 4 Kilsaran Rossmore** - Carrigtwohill, Cork, T45 RW92, 021 4883120

Benefits:

- Kilsaran Grolime is 100% Irish limestone, manufactured and produced in Ireland.
- 100% biodegradable and non-polluting.
- Produced in licenced quarries.
- Regulates soil pH and improves nutrient availability to plants giving more efficient fertilizer application.
- Increases the nutrient uptake in the soil.
- Maximises the use of farmyard manure/slurry by balancing the pH with the decaying matter, reducing the requirement for other fertilizer sources.
