Featured Products: **Newgrange Block Silver & Buff Granite**

case study

Kilsaran supplied 260 m² of Newgrange Silver and Buff Granite paving blocks for the beautiful new outdoor area, 'The Orchard' at Hotel Kilkenny, located at College Road, Kilkenny. The subtle granite textured surface of the Newgrange range combined with inspiring colours make it stand out from the crowd. Our Granite paving range has closed the gap on natural paving in recent years due to our state of the art manufacturing processes and its robust Granite material.
