case study

The La Touche Cove development is an exemplary transformation of the formerly known La Touche Hotel, in the heart of Greystones. The renovation is comprised of two and three bedroom apartments, as well as 21 high-end town houses. With its original structure intact, the renovation captures the hotel's original charm, with a fresh and modern upgrade given to its exterior and interior architecture.

Our paving and rendering products were used to offset the original, old-world feel of the hotel, and give it a refreshed and modern look.

Paving & Walling:

Shelbourne Silver Granite Flags (600mm x 400mm x 50mm - Ground)

Pembroke Silver Granite Flags (5 size mix x 80mm - Ground)
