

case study

The Exo Building, Dublin Docklands, Dublin

Featured Products: **Ready-Mix Concrete, Concrete Blocks, K-Spread Trowel Ready Mortar, High Strength Bedding Concrete, Priming Slurry and Rapid Set Jointing Mortar**

The Exo building is located at Point Square, immediately adjacent to the 3 Arena. Dublin's largest office building offers panoramic views of Dublin City. 17 storeys of elegance, beauty and strength, elevated to allow easy movement, the Exo Building presents an exciting opportunity like no other in Dublin.

Our Ready-Mix Concrete, Concrete Blocks and K-Spread Trowel Ready Mortar were all used extensively on this project. A range of our streetscape products such as High Strength Bedding Concrete, Priming Slurry and Rapid Set Jointing Mortar were also used externally on this development.
