

case study

Sorrell Wood Blessington, Co. Wicklow,

Featured Products: **Lismore Slate 3 Size Mix, Newgrange Oyster 3 Size Mix, Tara Kerbs Silver Granite, UNO (One Coat Render), GP Render, M4 Masonry Mortar**

Located in the foothills of the Wicklow Mountains and with a backdrop of the Blessington Lakes, Sorrell Wood offers a harmonious blend of modern luxury and serene natural surroundings. Throughout this project we supplied our contemporary Newgrange Silver Granite Flags (600mm x 300mm x 40mm). With a subtle textured granite finish and a choice of colours and sizes, Newgrange is a favourite for those looking to create an inspired look with an elegant and contemporary feel. We used our Clima Pave Lismore Slate here also as Clima Pave offers an advantage over traditional paving techniques as the system is constructed using our specially engineered permeable paving block. On the external walls we used our KPRO Facade Uno (One Coat Render) in ultra white. Internally our KPRO Facade GP Render provided a stylish finish. M4 Masonry Mortar was also used.

Paving & Walling

Lismore Clima Pave Slate (3 Size Mix)
Newgrange Oyster (3 Size Mix)
Newgrange Silver granite flags 600x300x40mm
Tara Kerbs Silver granite
