

## Case Study

# Blackglen Road Co.Dublin

**Main Contractor:** Murphy International  
**Client:** Dun Laoghaire County Council  
**Year of Completion:** 2024

Project completed on Blackglen Road, Co. Dublin, where Kilsaran supplied and laid full carriageway asphalt road and cycle track. The surface course was SMA10 PMB and Binder and Base were AC20 and AC32 respectively. The asphalt was produced using both RAP (reclaimed asphalt pavement) and Thermaphalt (warm mix) resulting in a reduction in CO2 emissions and conservation of aggregate
