

## Case Study

# Ushers Glen

Ashford, Co. Wicklow

**Developer:** Glenveagh

**Year of Completion:** 2023

**Region:** Leinster

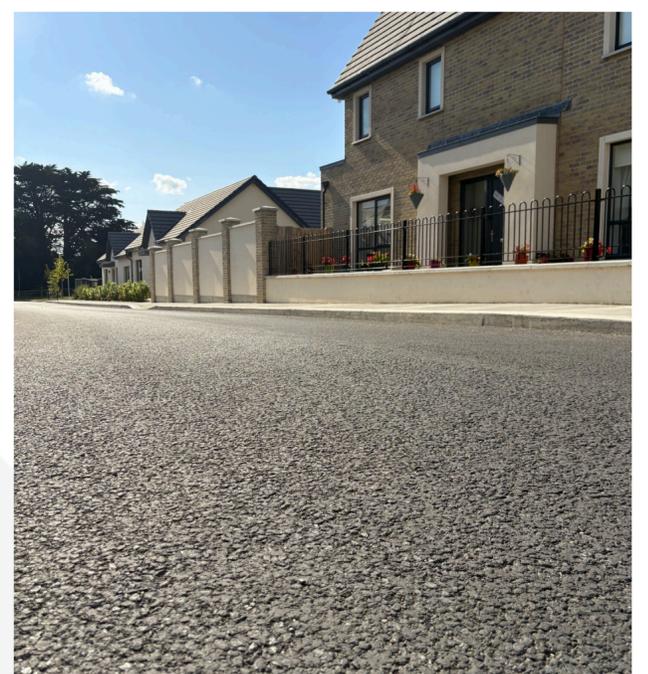

**Sector:** Residential

Kilsaran Road Surfacing and Contracting was contracted by Glenveagh to deliver a road surfacing solution at the Ushers Glen Residential Development in Ashford Co. Wicklow.

Kilsaran provided an AC20 Binder Course, SMA10 PMB surface course and a Hot Rolled Asphalt with Red Chips parking bay surface course to this 118 unit development.

Kilsaran used both Reclaimed Asphalt Pavement material (RAP) and it's 'Thermaphalt' system using Warm Mix technology in the production of the asphalt to provide both a superior and sustainable product that provides up to 25% reduction in its CO2 emissions.
